# Student Email on Apple Device

Follow these steps to set up your device to receive emails from your @reddies.hsu.edu address:

The Apple Operating System has many mail applications available. The following steps are done using the default Mail app for iOS; the setup process should be similar on other mail apps.

1. Open iPhone "Settings" and tap "Mail, Contacts, Calendars"
2. Tap "Add Account"

3. Select "Exchange" from the list

4. Enter your full email address, password, and a description

3. Click Next

6. Change the “Server” section to: pod51011.outlook.com

7. Leave all other settings Default, then click Next in the upper right

8. Select what you would like to sync, then click Save.
